1/2" IND PISTOL IMPACT WRENCH

Brand: Toku Product Code: MI17MSC

1/2" IND PISTOL IMPACT WRENCH

1/2" Square drive Industrial pistol grip impact wrench fitted with polyurethane protective cover, made in Japan. This tool features a unique Cold Forged Twin Hammer mechanism making it far superior to any other on the market in its class.

This tool is lightweight and very well balanced, which helps to reduce any RSI complaints - a great OH&S feature! Other benefits are the very quiet handle exhaust, 4 step speed control, Pro Grip and FULL POWER in reverse to undo the stubborn nuts! The steel front case adds to the strength of this tool and you also get a hanger point at the top of the tool should you wish to use it with a suspension system (if the application requires it). True one handed operation with the sliding forward/reverse actuator only adds further to this brilliant product.

Features:

- * Cold Forged Twin Hammer far superior durability
- * Lightweight
- * Very quiet operation without power loss
- * Well balanced
- * Hanger point
- * 4 step speed control
- * One handed easy to operate forward/reverse switch
- * Pro Grip

This tool has proven itself as a great all round 1/2" impact wrench used in tyre shops, vehicle service, heavy manufacturing, construction, mining and offshore industries to name a few. This tool will be sure to please - we are confident of this!
