Brand: Krontec Product Code: RFC-88-N-GCL

## RFC GERDES VALVE CARSIDE

This part fits the Krontec RFC series collector on the car and converts the "Nipple" in the car to allow it to accept a standard fuel bowser filling nozzle.

This is a "PLUG and PLAY" part to retro fit the existing part on the car.

If you have any questions we are here to help to ensure you get the right solution!
